COMPLETE CONTROLS

Accept the challenge of playing 20 championship courses against more than two dozen pros, including Tiger Woods himself, as you build your career on the links in *Tiger Woods PGA TOUR® 09*. Everyone plays. Anyone can win!

SWING STYLES

Tiger Woods PGA TOUR® 09 can be controlled using several different swing styles. Select the style that will put you on the leaderboard and on top of THE PGA TOUR®. The Analog swing styles enable you to hit the ball with more power than the 2/3 Click controls, but remember: power is nothing without precision. Try the two different swing styles to find the one that suits you the most.

NOTE: Don't limit the number of swing styles to just one! Use different swing styles for particular shot types and situations.

NOTE: Complete Controls continued on p. 7.

NEW 2/3 CLICK CONTROLS

The all-new, easy to use 2/3 Click swing style, allows anybody to dominate the competition like Tiger Woods. Unlike the Analog control systems, the swing is controlled simply by timing your button presses to set power and direction as you please.

Use these control sequences to grip and rip!

2-CLICK CONTROLS

1. To start backswing, press the  button.
2. Stop the power meter to set swing power and hit the ball by pressing the  button again.

3-CLICK CONTROLS

1. To start backswing, press the  button.
2. Stop the power meter to set swing power and activate draw/fade option by pressing the  button.
3. To strike the ball, stop the power meter inside the draw/fade zone by pressing the  button again.

NOTE: To hit a straight shot, stop the power meter on the white line in the center of the draw/fade zone. To draw/fade, stop the power meter to the left/right of the white line.

ANALOG SWING CONTROLS

1. To hit a straight shot, press the Analog stick ↓ to set your power and move the Analog stick ↑ to strike the ball.
2. To draw/fade the shot, press the Analog stick ↙/↘ and move it in the opposite direction you first moved the Analog stick.

NOTE: For the Analog swing style, boost the power of your shot by rapidly pressing the ⊗ button during your backswing.

CLUB SELECTION AND SHOT

Choose your club based on each situation. The default club selection will not always be your best choice. Consider clubbing down if the club's potential power is more than the distance of the shot and don't be afraid to use an iron off the tee when you need more precision than power. Similarly, your shot type should be selected based on your current circumstance.

SHOT TYPES

Full	Set up a full swing with the selected club.
Punch	A low-trajectory shot to minimize the effects of wind, or to shoot from under tree cover.
Pitch	Places the ball on the green with minimal roll from up to 60 yards away.
Flop	With a higher trajectory and less roll, this wedge shot has a maximum distance of 51 yards. Use it to fly over obstacles or to stick the ball on the green.
Chip	A useful shot when you are too far away for the putter. The maximum distance for a chip shot is 40 yards.
Putt	When on the green, you putt the ball along the ground to the cup. The maximum putting distance is 80 feet.

LIE

If you find yourself in a tough spot, don't fret! Even the legends find themselves in deep rough or a sand trap every now and then. Being able to recover from such lies is crucial to saving par. Make sure you check the current lie before shooting. The lie percentage indicates the amount of power that your shot is likely to achieve from the current ball position. If your ball is buried more than half way, you'll want to use much more club than you normally would.

CHIPPING

When you're just off the green, a chip shot may be your best option. Adjust the targeting marker based on the distance to the cup and the undulation of the green, and then chip away.

PUTTING

READING THE GREEN

Use the green grid to determine the slope and speed of the green. The faster the beads move on the grid, the faster your ball will roll. If the grid is red, the slope is uphill. If the grid is blue, the slope is downhill. Plan to use extra power for uphill putts and a little less power when putting downhill.

Use the Putt Preview to get a look at your putting line before you attempt your real putt. Adjust the direction and power of your putt accordingly to improve your chances of making it.

REMEMBER: the maximum putting power is determined by the location of the targeting marker.

SWING METER

The swing meter estimates the distance you will hit based on the amount of power in your swing. The green line indicates approximately the distance of the target marker.

NOTE: The distances shown do not account for wind, lie, or elevation. Use the swing meter only as a basic gauge as you develop a feel for these factors and the game in general.

PLAYING THE GAME

Your days as an amateur are over. Today, you're a pro and your career in THE PGA TOUR® begins now.

GAME FACE

Create anyone aged 8-to-80 years and customize every detail of your character, from the color of their hair to the clothes on their back. Make adjustments to your created player at any time after you have created them. You don't have to settle on all the details right away!

NOTE: Your User Profile created at the start of the game is used to save your created golfer and track personal accomplishments. Save this and your progress to Memory Stick Duo™.

PLAY NOW

Play by yourself, against your friends, or take on pro players from 12 different countries—including Korea's Se Ri Pak, Ireland's Darren Clarke, Fiji's Vijay Singh, and England's Nick Dougherty. Courses include Wentworth in England, Sheshan in China, and Wolf Creek and Bay Hill in the United States.

Providing the lucid and pleasant commentary describing the action is none other than seasoned golf commentators, Kelly Tilghman and Sam Torrance.

- Stroke Play** The most basic round of golf, every stroke counts and the player with the lowest total at the end of the round wins.
- Match Play** Go head-to-head with your opponent on every hole in Match Play. The player who wins the most holes wins.
- Stableford** The game is based on a system of points determined by your score on the hole: double eagle (8 pts.), eagle (5 pts.), birdie (2 pts.), par (0 pts.), bogey (-1 pts.), double bogey or worse (-3 pts.).
- Skins** Every hole has a monetary value, and the player with the lowest score on the hole takes the cash. In the event of a tie, the money carries over to the next hole, sweetening the pot.

SKILL POINTS AND SKILL STREAKS

Accumulate Experience (XP) as you play and, once your XP meter is full, boost your abilities in driving, putting, chipping, and more, and bring your game to the very next level.

Skill Streaks are earned by keeping the ball in play, avoiding all hazards, reaching the green in regulation (GIR), and completing the hole with a score of par or better. Earn bonus Skill Points, credited to your XP meter by completing long Skill Streaks.

NOTE: When you have not earned a Skill Streak, the meter is not displayed.

ONE BALL AND TEAM ONE BALL

Players take turns playing with just one ball, having to hit from the position the last player leaves them. Each shot must land within the Circle of Trust. If a shot is landed outside the Circle of Trust, the shot is deemed a Betrayal and the player that made the shot misses their next turn.

If a shot is landed out of bounds (OOB) or in a water hazard, the shot is deemed a Double Betrayal and the player that made the shot misses their next two turns. The player that holes-out wins the hole and is awarded four points. The player that sets up the winning shot scores zero points. Other players (if playing with 3-4 players) are awarded a smaller amount of points. If playing with two players, match play scoring is used.

Team one ball uses the same rules, but features two teams of two players that will alternate hitting the ball.

- Best Ball** The best individual score among teammates is used as the team score for the hole. Those scores are applied in a Stroke Play format to decide which team wins the round.

Four Ball

The best individual score among teammates is used as the team score for the hole. These scores are applied in a Match Play format to decide which team wins the round.

Greensome

In this two-on-two team game, you and your teammate choose your team's best drive then alternate shots from that point on for the rest of each hole.

Bloodsome

In this two-on-two team game, the opposing team chooses the tee shot your team has to play from, then you and your teammate alternate shots for the rest of the hole. Solid, playable tee shots are the key to success.

GAME MODES

Begin your career in THE PGA TOUR® by taking on the world's best in pressure-packed tournaments.

EA SPORTS™ CUP

It's time to show the world that you have what it takes to win the big one: the EA SPORTS Cup! Each match features three holes using a combination of Stableford, Stroke Play, and Match Play games.

PGA TOUR® SEASON

It's your first year on THE PGA TOUR® and the beginning of your quest to rise through the ranks of golf's elite to become the FedExCup Champion. To qualify for the FedExCup Playoffs, you must accumulate points with high finishes during the 14-event regular season—majors and larger tournaments award more points than regular tournaments. The top 144 golfers earn a spot in the FedExCup Playoffs, while the season ends for everyone else. A progressive cut takes place after each of the four playoff tournaments: the top 120 make it into the second event; the top 70 advance to the third event; only the top 30 earn the right to play in the final event. The golfer with the most points at the end of the playoffs is crowned FedExCup Champion.

MULTIPLAYER

With multiplayer Ad-Hoc play, go head-to-head with your opponent on the same course featuring Stroke Play, Match Play, Stableford, Skins, and One Ball rules.

- Match Play** Go head-to-head with your opponent on every hole in Match Play. The player who wins the most holes wins.
- Stableford** The game is based on a system of points determined by your score on the hole: double eagle (8 pts.), eagle (5 pts.), birdie (2 pts.), par (0 pts.), bogey (-1 pts.), double bogey or worse (-3 pts.).
